

Progressive Therapy Education

We are a therapist owned and operated company.
Courses are designed to maximize your time and continuing education budget.

Practical	Therapist Owned	High Quality	CEU Information
We provide interactive evidence-based continuing education courses that promote translation of learning into practice.	We understand the demands of the profession and expectations for continuing education seminars.	Continuing education courses are taught by qualified instructors at the top of their fields.	Courses are designed to meet state requirements for continuing education for PTs, PTAs, OTs, COTAs, & ATs.

Benefits to In-House Training

- Convenience of setting your own schedule, seven days a week
- Content can be tailored for specific areas of focus and emphasis
- Better control of setting standards within your organization
- Save on staff time and travel by bringing the training to them
- Serves as a way to enhance marketing efforts to clients and boost recruitment of new therapists
- Added benefit of team building by hosting a training event in-house
